**“Let All the Daughters Live”:
The Midwives of Israel and the Seeds
of Identity**

At first glance, the chronicles of the Tower of Babel and of the heroic midwives of Egypt seem to have very little in common. Yet the use of rare language and themes draw them together, exposing common themes of subjugation and the suppression of identity. We will note the human endeavor to reclaim identity, and then search for a nexus between identity and the beginnings of the redemption process.
